

Meridian Agriculture provides independent livestock systems advice with a focus on your whole business. Our team offers a range of on-farm consultancy services, industry research and project management to improve livestock production systems. We have a muddy boots approach that bridges the gap between technical research and practical on-farm advice.

WHAT CAN WE DO FOR YOU?

Meridian Agriculture provides advice on a fee for service basis with areas of expertise in the following:

- Animal health, husbandry and performance.
- Implementation of breeding objectives and stock selection strategies to drive genetic gain and optimise animal productivity and profitability.
- Soil and tissue analysis to ensure efficient fertiliser programs.
- Grazing management.
- Enterprise selection and identifying the best enterprise mix for your business.
- Feed and water budgeting to achieve production targets.
- Livestock performance recording, data management and analysis.
- Strategic seasonal management including drought management strategies.
- Integrating beneficial technology and innovations into your business.

THE BENEFITS OF USING A MERIDIAN AGRICULTURE LIVESTOCK CONSULTANT:

1. The advantage of independent advice for your livestock enterprise, systems design, production and profit.
2. You have access to a team of professionals who are up to date with the latest technical information and innovations.
