

Meridian Agriculture understands that pasture improvement is a big investment. Our clear, independent and objective advice will help to grow your feedbase and provide both pasture persistence and profit. Meridian Agriculture advisors will work with you to ensure you have the feed energy and protein available to achieve your business goals.

WHAT CAN WE DO FOR YOU?

Meridian Agriculture provides advice on a fee for service basis to:

- Develop pasture programs based on soil type, weed control, sowing mixes and enterprises.
- Document feed and livestock budgets to determine realistic pasture production.
- Provide rigorous evaluations of pasture improvement strategies.
- Pre-sowing and post-sowing advice to maximise establishment of new pastures, monitoring and optimise grazing strategies.
- Develop feeding strategies and match rations to your objectives.
- Define the limiting factors to your production system.
- Develop and monitor the best fertiliser program for your business.
- Show you the latest innovations in species development.

WE ALSO TEST FEED NUTRIENTS:

Meridian Agriculture can arrange tests for your supplementary feeding program including:

- | | |
|-----------------|------------------------|
| - Dry matter | - Digestibility |
| - Moisture | - Metabolisable energy |
| - Crude protein | - Fat |
| - NF/ADF | - Ash |

We can take the samples, send them to the lab and interpret the results. We are also able to help you take the tests yourself.

THE BENEFITS OF USING MERIDIAN AGRICULTURE ADVISORS:

1. Producers that use good advisors in their business are consistently more productive, more profitable and better managers.
2. Gives you the advantage of independent technical advice on soil types, pasture species and management.
3. You have access to a team of professionals who are up to date with the latest technical information and innovations.

WHAT ELSE DO WE DO SNAPSHOT: ON-FARM RECRUITMENT AND HR
