Gilles has been a Recruitment consultant with Meridian Agriculture since 2018 and has a good understanding of how the industry works. Gilles works with corporate and family farm businesses across south-eastern Australia to provide support and services in recruitment for on farm positions vacant and Human Resource related matters. Gilles is an advocate for relationship building and has been working closely with candidates to help them connect with farm business that will suit their needs. Gilles has also been involved in the development of the Meridian Salary Survey, a tool which aids in discussions of industry trends and remuneration packages with employed staff.

Gilles holds a Bachelor of Humanities and Social Science with a Psychology focus, and a Diploma of Business Management. Gilles has previously had 14 years of management experience in the horticultural retail/wholesale sector where his primary focuses included recruitment, training, business management, people management and performance management.
