Marcus Oldham College

Diploma of Financial Markets -
Financial Services Institute of Australasia (FINSIA)

Areas of Expertise

- Business & property management
- Whole Farm Planning
- Farm business analysis
- Strategic business planning
- Farm development strategies
- Pre-purchase due diligence

Richard has over 30 years' experience owning and/or managing agricultural properties in New South Wales, Victoria and Western Australia. During this time, he has built an extensive network of industry practitioners within Australia's agricultural industry, across many sectors and geographies.

In addition to operational management experience involving livestock and crop production systems, marketing of agricultural products and financial reporting, Richard has wide-ranging experience in strategic planning, risk management and business analysis.

Between 2015 and 2017, Richard was a director of Churchill Agri Partners, an Australian company with the objective to acquire, develop and operate strategic agricultural assets across Australia's prime agricultural regions and sectors.

Between 2018 and 2020, Richard served as National Director, Agribusiness for Cushman & Wakefield a global Tier One real estate services business.
